Albany Common Council Responds to Mayor Applyrs' Plan of Action for Albany

ALBANY, NY – Mayor Applyrs delivered a plan of action yesterday evening focused on improving public safety, strengthening infrastructure, and expanding opportunities throughout the City of Albany. On each of these priorities, the Albany Common Council stands ready to collaborate with the Mayor to turn these plans into meaningful outcomes for Albany's residents and businesses.

Too many people believe that Albany is increasingly unsafe, unaffordable, and lacking in activities and opportunities. Addressing these concerns requires a unified approach. It is incumbent upon both the Mayor's office and the Common Council to work together to advance policies that respond directly to these challenges while ensuring that solutions provide long-term benefits for all residents, regardless of neighborhood.

Mayor Applyrs called on Albany residents to "show up" for their city. The Common Council echoes that call and is here, prepared to work alongside the Mayor and the community to help "turn the lights back on" in Albany.
