PROJECT NEWSLETTER FINAL CONSTRUCTION PHASE

A Message from the Mayor

"Happy Spring to everyone. I am very excited to announce that the final phase of the Spring Street Reconstruction Project will begin shortly. The contractor will begin mobilizing during the week of April 19th to complete the project. The revitalization of our City has been an important goal for my administration, and we will continue to work hard to meet this goal. We understand that as the construction phase of the project begins, inconveniences will be incurred for the people that live, walk and drive along this section of Spring Street. I ask for your patience as we work together to complete this important project. Should you have any questions, please do not hesitate to contact my office or the City's engineering staff."

**Kathy Sheehan
Mayor**

What does this project involve?

The final phase of the project will include completing the curb and sidewalk replacement on the south side of Spring Street, road resurfacing, new ADA compliant concrete curb ramps, crosswalks, street crossing signs, new street trees and other street amenities.

Will pedestrians, bicyclists & vehicles be allowed through the work areas?

Yes. It is very important that all types of traffic are allowed to safely go through the work areas at all times. This includes police, fire, and other emergency services, vehicles, bus service, delivery services, bicyclists, and pedestrians. As with any type of construction project, there will be inconveniences to the public, but the project was designed to help keep these inconveniences to a minimum. At no time will any home access be restricted as a result of the construction. Parking lane restrictions will be necessary, but the contract specifically limits the amount of on-street parking that can be closed at any one time.

Project Schedule

It is expected that the contractor will resume working during the week of April 19, 2021. The exact start day will be weather dependent. Work is proposed to be completed by the end of June 2021.

With regards to sequencing of construction, the contractor will begin curb and sidewalk replacement on the south side of Spring Street. Upon completion, road resurfacing will commence. Final activities will include tree plantings and the installation of other street amenities.

CITY OF ALBANY SPRING STREET RECONSTRUCTION PROJECT

When will the Contractor be working?

Typical work hours/days for the contractor and utility companies are:

- Monday thru Friday between 7:00 am and 7:00 pm.
- Weekend and nighttime work is not anticipated. It will only be allowed for special circumstances, and only when approved by the City.

Who should you contact if you have any questions or comments?

If you have any questions or comments regarding this project, you can call, fax, email, or mail your inquiry to the City of Albany Division of Engineering office at:

Division of Engineering
1 Richard Conners Boulevard
Albany, New York 12204
Attn: Mr. Bill Lecuyer P.E.
Senior Project Manager

Phone:(518) 434-5490
Fax:(518) 434-5696
E-mail:wlecuyer@albanyny.gov

As always, you may also contact the Mayor's Office (434-5100) or Randy Milano P.E., City Engineer (427-7480) with any questions or comments.

For After Hour Emergencies Please Call:

Albany Police Department
Emergency: 911

Non-Emergency: (518) 438-4000

Albany Dept. of General Services
(518) 432-1144
