The State of Emergency has been declared due to emergency conditions produced by the outbreak of the novel coronavirus (COVID-19) which threatens and imperils the health and safety of the people of the City of Albany.

This outbreak threatens or imperils the public safety of the residents of Albany. As Chief Executive of the City of Albany, I have exercised the authority provided to me under New York State Executive Law, Article 2-B, to preserve the public safety and hereby render all required and available assistance vital to the security, well-being and health of the people of the community.

**All reading this are encouraged to take the following
preventative measures to impede the spread of COVID-19:**

- Stay home as much as possible.
- Avoid touching your eyes, nose, and mouth.

- Clean and disinfect frequently touched objects and surfaces using a regular household cleaning spray or wipe.
- Follow CDC's recommendations for using a facemask when in public places.
- Wash your hands often with soap and water for at least 20 seconds, especially after going to the bathroom; before eating; and after blowing your nose, coughing, or sneezing.
- If soap and water are not readily available, use an alcohol-based hand sanitizer with at least 60% alcohol. Always wash hands with soap and water if hands are visibly dirty.

I hereby direct all Departments and Agencies of the City of Albany to take whatever steps necessary to protect life and property, public infrastructure and other such emergency assistance as deemed necessary.

In the event the disaster is beyond the capacity of the City of Albany to meet adequately and state assistance is necessary to supplement local efforts to save lives and to protect property, public health and safety, or to avert or lessen the threat of a disaster, I hereby call on the Governor of the State of New York to continue to provide additional assistance as deemed necessary.
