DEAR COMMON COUNCIL MEMBERS AND RESIDENTS OF THE CITY OF ALBANY:

2021 has been another year with unprecedented challenges, and COVID-19 continues to test our City in ways like never before. Last year, faced with a multimillion-dollar revenue shortfall, I proposed a budget that fully funded city services, reduced my salary to the City's minimum living wage, and fought for federal fiscal relief so we could continue to provide critical services to our residents without having to make painful, draconian cuts to our workforce. Those decisions have placed us in a strong financial position as we continue to combat this pandemic.

For the second consecutive year, our workforce doubled down on their commitment to each of you. Without fail, DGS continued to pick up trash and recycling. APD and AFD continued to respond to emergency calls for service. We once again opened our pools and spray pads, and continued our award-winning Summer Youth Employment Program. We continued to provide safe drinking water and we continued to cite building code violators. And our City Hall staff continued to work tirelessly to ensure our frontline employees had the resources they needed to fulfill their mission. Our workforce continues to risk their lives for our community, and I am so deeply grateful and proud of each of them.

Thankfully, because of our hard work and advocacy together with cities across the country, Congress passed President Biden's American Rescue Plan and provided Albany with \$80.7 million in COVID recovery funds desperately needed to replace lost revenues and help our community recover from the impacts of this pandemic.

We are determined to build back better, and this budget does just that.

## A BUDGET FOR OUR RESIDENTS

My 2022 budget continues our shared commitment to equitably improving our City. We are committing more than \$8 million to pave streets and fix sidewalks – a 25% increase from 2021. We are investing an additional \$1.25 million into Lincoln Park by re-constructing a North Gateway entrance at Museum Road and restoring the North Woods Forest. We will revitalize the Krank and Washington Park Playgrounds and add Phase II of the Colby Park Playground as we approach 30 renovated parks in Albany over the last eight years. And we are adding seven new sanitation positions and four new laborer positions in DGS to ensure we are effectively and efficiently resolving the quality of life matters important to residents, including street & sidewalk repairs, waste collection, parks cleanup, and tree trimming.

## INVESTING IN PUBLIC SAFETY

Walkability continues to be vitally important to our residents and is why this budget includes more than \$250,000 to launch a pilot speed hump program in West Hill and South End to help slow down traffic and improve pedestrian safety.

We are implementing recommendations crafted by the Albany Policing Reform Collaborative tailored to the specific needs of the communities disproportionately impacted by structural racism, blight, poverty, crime, and violence. These new initiatives include creating a Public Safety Commissioner who reports directly to me and who will adjudicate disciplinary matters within the Police and Fire Departments, help re-write APD's General Orders, and oversee the hiring process. This budget also creates two new Victim Advocate positions and a Data Analyst position within APD. These new positions will allow us to better serve our residents, allow officers to directly connect crime victims to people who can help address their needs and trauma, and provide data and more transparency to our community about arrests, police stops, and other information. This budget also provides funding for new technology to flag the use of racial slurs and other key words in body worn camera footage.

This budget also makes important investments in equipment for the Albany Fire Department, including the revitalization of Marine 1 and the addition of new cardiac monitors and SCBA apparatus.

## LEADING THROUGH SUSTAINABILITY

A new Director of Sustainability will ensure we are meeting our climate targets, installing new EV chargers, purchasing new EV vehicles, and overseeing the continued maintenance of our LED streetlights alongside our Energy Manager. We are adding a City Arborist position to create a comprehensive plan for our 10,000-plus street trees and work alongside our City Forester to continue to plant 2,025 new trees by 2025 and ensure the viability of our urban forest for generations to come. Plus, this is the 9th consecutive year of record investments in water and sewer infrastructure – more than in the 20 previous years combined. And, we continue to help fund the removal of lead services from homes across Albany.

## ALBANY FOR ALL. POWERED BY PRIDE AND POTENTIAL

When we learned of President Biden's commitment to helping cities reverse the unprecedented impact of the COVID crisis, we knew how important it would be to listen to the needs of our residents, businesses, community organizations, and neighborhoods. That is why I convened a diverse group of 41 volunteer COVID Recovery Task Force members, led by Michael Whalen and Jahkeen Hoke, to undertake a needs assessment and create a concise and strategic course of action.

The Task Force launched a robust engagement plan that included two public surveys garnering more than 1,000 responses, more than 60 direct meetings with community members and stakeholder groups, and 17 task force and working group meetings. The result is a 76-page report that provides a framework for recovery and strongly recommends funding a limited number of highly impactful programs that can produce profound results.

This budget allocates \$25 million of the City's American Rescue Plan to fund the five priority areas identified by the Task Force. We are in the process of retaining an outside firm to assist with compliance and oversight and will be issuing requests for proposals to fund projects within each priority area. We will require applications from both internal and external stakeholders to ensure we are investing in scalable projects and programs that maximize resources and expenditures – and this will be done through the lens of inclusion and equity and with an eye toward stimulating entrepreneurship and outside investments. More information about how to apply will be announced in the coming weeks.

## NOTABLE CHANGES

The City Charter provides this message “...indicate any major changes from the current year in expenditures and revenues together with the reasons for such changes, summarize the City’s debt position and include such other material as the Mayor deems desirable”. Broadly, this budget continues the important work of investing equitably in our future while remaining mindful about the uncertainty of revenues over the next several years. Here are notable changes in this budget’s revenues, expenditures, and debt position:

- \$2.8 million increase in salaries primarily due to union contract raises, raising the Living Wage as per City Code to \$16.17 per hour, and a 3% across-the-board raise for all permanent non-union employees.
- \$2.1 million increase in sales tax due to favorable returns in Q2 and favorable forecasts in Q3 and Q4 of 2021.
- \$1.1 million increase in federal aid due to successfully being awarded a SAFER grant (\$3.3 million over a 3-year period).
- \$734,000 decrease in debt service (\$17,967,628 to \$17,232,932).
- \$2.9 million decrease in landfill revenue as a result of our efforts to extend the life of the landfill and plan for the future of solid waste removal.
- \$1.2 million to continue filling the capital reserve fund created in 2021. This fund will be used for the purchase of various vehicles, equipment, and other items not considered desirable for borrowing.
- \$2 million loss in various revenues, including Police Overtime details, parking meter receipts, and the conclusion of the Cities RISE Grant.
- \$2.5 million increase in our request for Capital City Funding based on the value of untaxed State property that unduly burdens our tax base – a request we will continue to fight to make permanent.
- \$7.1 million increase in federal aid due to use of revenue replacement funds.
- \$25 million allocation of funds from the \$80.7 million received by the City of Albany as a result of the American Rescue Plan.

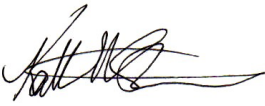

I encourage you to read the accomplishments and goals for each department contained within this budget book. 2022 will be another challenging year as we continue to battle this pandemic, but I remain encouraged by our employees' innovation, creativity, and resiliency. I look forward to working with the residents of the City of Albany and members of the Common Council to approve this budget, build back better, and to continue to guide our City through the challenges of today and the promise of tomorrow.

Sincerely,

  
**KATHY SHEEHAN**  
MAYOR, CITY OF ALBANY

# COMMONLY USED PHRASES

## **AMERICAN RESCUE PLAN**

**ACT (ARPA):** COVID-19 relief bill signed into law by President Biden that provides relief in many forms, including but not limited to direct stimulus payments to states and cities, direct stimulus payments to eligible recipients, unemployment assistance, aid for small businesses, aid to schools, and child tax credits. The City of Albany received \$80.7 million in much-needed relief to assist in replacing lost revenues, covering COVID-related expenses, and supporting our community in “Building Back Better.”

## **CAPITAL CITY FUNDING:**

municipal aid provided by New York State to make up for the lack of Aid and Incentives for Municipalities (AIM) Albany receives per capita compared to all other cities in New York State with populations of 50,000 and more. In 2018, 2019, 2020, and 2021 this aid was provided as unrestricted aid, and was not a “spin up,” allowing the City to avoid borrowing against our future.

**CONTINGENCY:** an annual account of budgeted funds set aside to cover possible unforeseen future expenses, such as emergency repairs or settlements.

## **COVID RECOVERY TASK**

**FORCE:** a diverse, 41-member group of public, private, nonprofit and institutional community leaders convened by the Mayor to ensure the City of Albany equitably and strategically maximizes the stimulus funding resources available to our residents, businesses, and community organizations.

**EQUITY AGENDA:** the philosophy guiding the City of Albany’s decisions and policies. This agenda is built on the principles of accessibility and inclusion, with a focus on initiatives addressing economic, racial, and social inequality, especially in neighborhoods that have been historically marginalized.

## **ERP (ENTERPRISE RESOURCE**

**PLANNING):** refers to a centralized management software, in the City’s case New World, that helps collect, store, manage, integrate, interpret, and plan important financial and personnel data in real time – with the goal to enhance departmental and city-wide efficiencies.

**FTE:** Full Time Employee.

**FUND BALANCE:** the accumulated total of surpluses. Sometimes referred to as a “rainy day” fund. New York State recommends a municipality’s fund balance be equal to approximately 10% of its annual budget.

**SEE CLICK FIX:** an online constituent relationship management software platform that allows constituents to report various issues, such as potholes, illegal garbage, light outages, and codes violations throughout the City, and track their resolution progress in real-time.

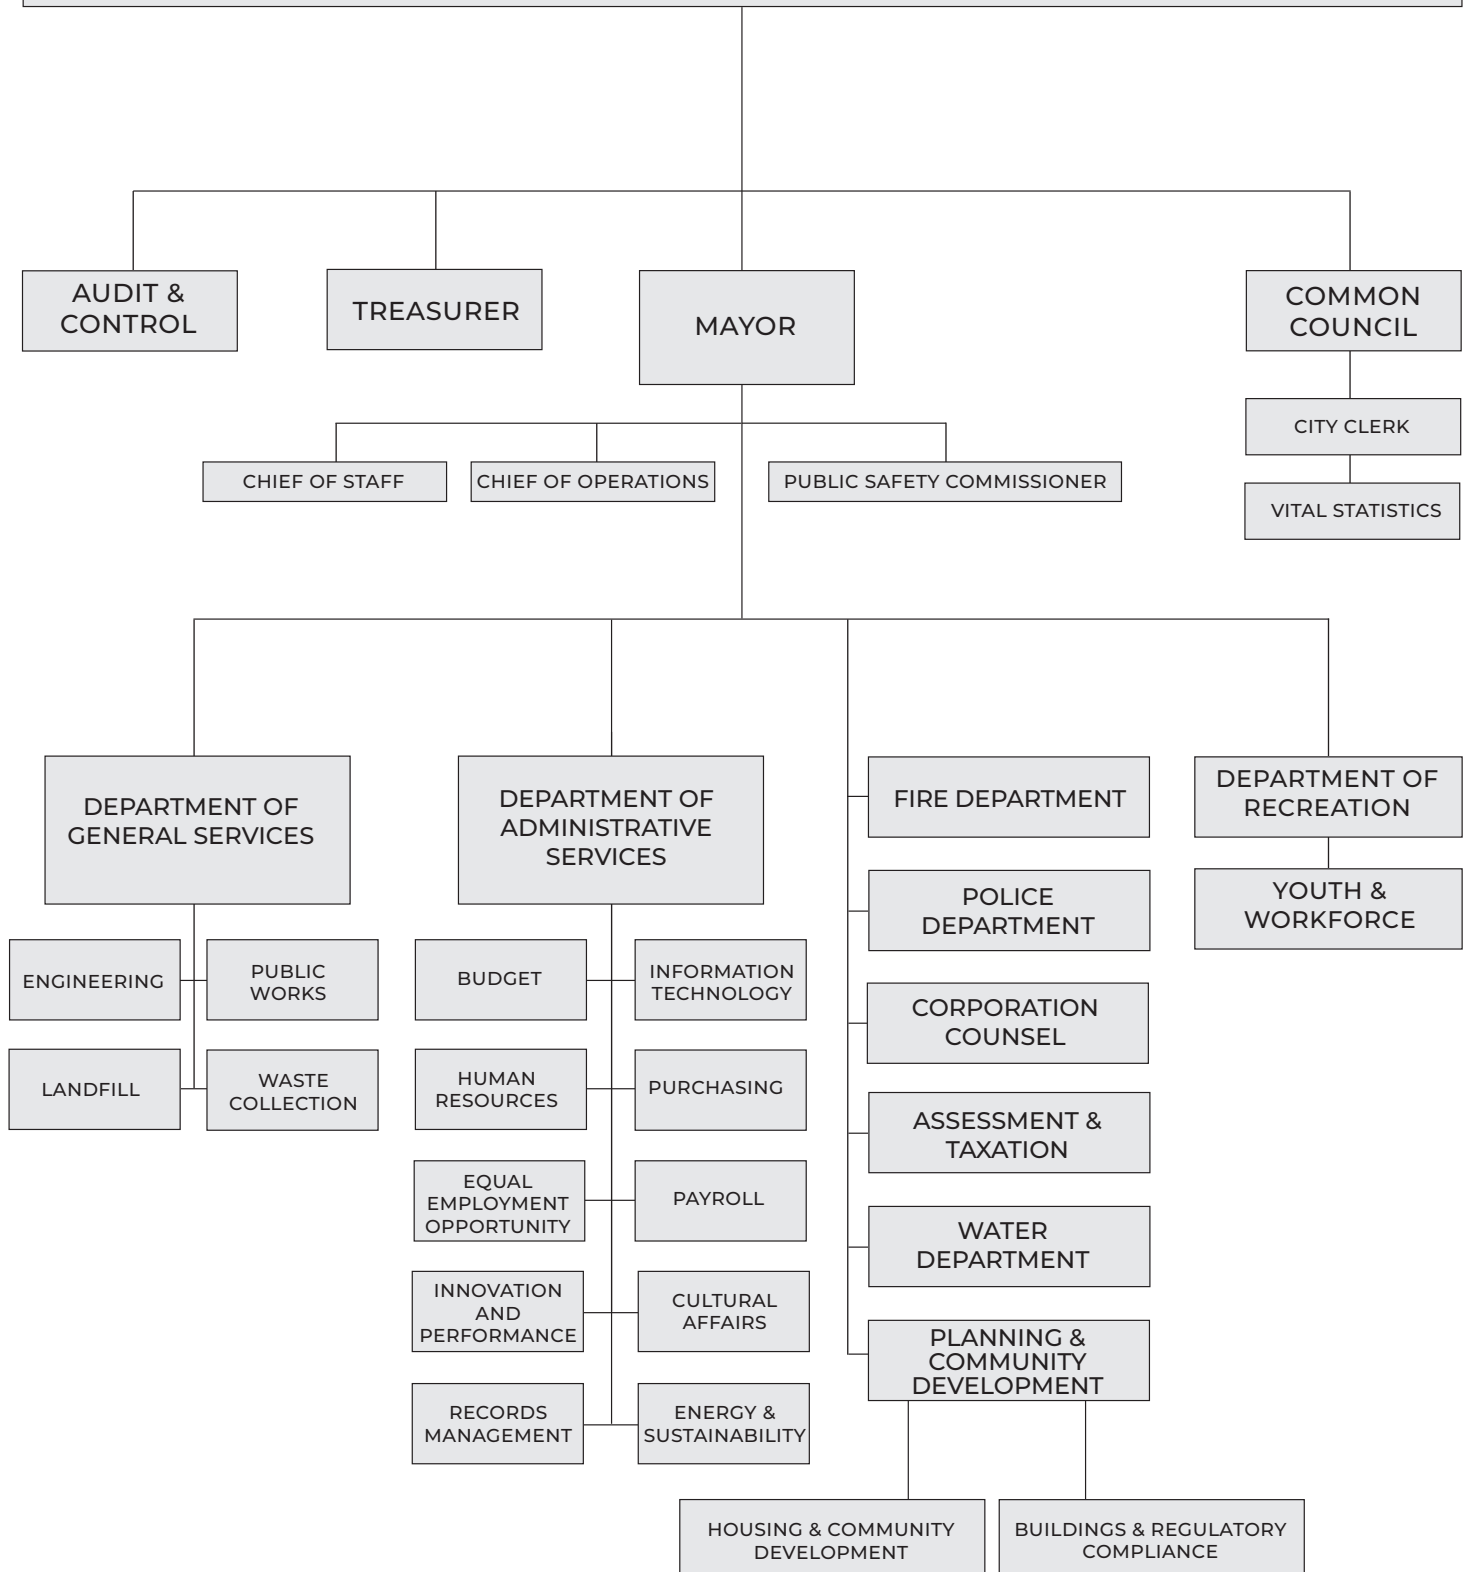

**SHARED SERVICES:** an initiative underway among the City of Albany, Albany County, and other New York municipalities to develop new ways to reduce expenditures and increase efficiencies by partnering together to undertake certain projects and procedures jointly.

**SPIN UP:** the act of requesting Capital City Funding in exchange for accepting an advance payment on the New York State Public Lands Law 19-A Payment in Lieu of Taxes (PILOT) that the City of Albany will receive until at least 2032.

**VACANCY SAVINGS:** this budget line reflects the amount of money a department can account for when individual positions are not filled because of resignation or termination of employment for a period during the budget year.

- permanent Capital City Funding.
- Continue to work alongside Chief Hawkins to implement, modify, and modernize policing strategies, policies, procedures, and practices as laid out by the City of Albany Policing Reform and Reinvention Collaborative, including the implementation of a Public Safety Commissioner model.
  - Continue to ensure that constituent needs are met and that departments respond to resident concerns in a timely manner by developing a centralized nonemergency dispatch system.
  - Continue to deliver prompt and comprehensive communications and outreach to members of the public regarding City policies and programs.
  - Continue to evaluate and develop policies to make City operations more efficient and provide a customer-service oriented atmosphere throughout City Departments.
  - Continue to ensure we are building back better.

# COMMON COUNCIL

The Common Council is the elected legislative body of the City of Albany. Consisting of 15 Council Members and a President, it convenes twice a month to review and act on legislation and resolutions for the government of the City and the management of its business. Additionally, the Council holds twice-monthly work sessions to discuss prospective Council agendas and policy issues. The Council is further divided into nine standing committees, appointed by the President Pro Tempore, to review and recommend legislation for Council action and to conduct oversight of City departments and programs. The Council also holds public hearings to obtain resident and other stakeholder views and opinions on certain pieces of legislation.

# TREASURER

The Treasurer is the City's Chief Fiscal Officer, and is charged with collection, receipt, care, and custody of all taxes and other monies due to the City, except as otherwise provided by law. The Treasurer is responsible for payment of all vouchers, claims, payroll, and other authorized disbursements, as well as investing City funds, maintaining records of all transactions, and providing data to the public as requested. The Parking Violations Bureau, as part of the Treasurer's Office, collects fines imposed on illegally parked vehicles by the Albany Parking Authority and Albany Police Department.

## 2021 ACCOMPLISHMENTS

# DEPARTMENT OF ADMINISTRATIVE SERVICES

The Department of Administrative Services is responsible for the centralized functions for the City of Albany, providing oversight of the day-to-day management of city government. Administrative Services ensures that all City departments have the resources and support they need to provide high quality, valued services to the public. The Department is comprised of the Offices of Budget, Human Resources, Innovation & Performance, Information Technology, Purchasing, Payroll, Equal Employment Opportunity (EEO)/Diversity, Civil Service, Public Records, Energy & Sustainability, and Cultural Affairs. In addition to serving as the administrative backbone of the City, the Department seeks continuous improvement in the way government works by finding efficiencies and increasing productivity. The Department oversees the evaluation and evolution of City-wide policies and processes, resulting in consistency, cost savings, and the ability to offer enhanced services. The Department also manages the continued implementation of new technology to further transition the City of Albany into a modern, 21st Century city.

## 2021 ACCOMPLISHMENTS

### COVID-19 RESPONSE & RECOVERY

- Created the City of Albany's comprehensive Pandemic Operations Plan to provide a roadmap for response to the COVID-19 pandemic and future health emergencies.
- Continued to update employee COVID-19 protocols as new guidance was released by federal, state, and local authorities.
- Supported employees and managers in responding to the pandemic by deploying emergency paid sick leave, vaccination leave, connecting employees with physical and mental health resources, hosting webinars on evolving policies and procedures, and answering hundreds of individual questions.
- Implemented COVID-19 vaccination tracking for the City workforce and connected employees with vaccine clinics.
- Provided internal leadership on the City's \$80.7 million American Rescue Plan Act stimulus funds and managed planning and implementation of Premium Pay for front-line employees.

- Managed the City Hall Ambassador program, recruiting new part time employees to provide front-line customer service for the public.
- Implemented a new hire vaccination mandate policy in order to increase staff resiliency against COVID-19.

### TECHNOLOGY AND INNOVATION

- Launched dozens of online forms, allowing residents to do business with the City electronically and reduce the use of paper.
- Expanded the City's online payment portal to support collection of additional payment types.
- Continued to improve Citywide network security.
- Completed implementation of a new City website and intranet.
- Completed the upgrade to VoIP phone system to advanced unified communications technology to support work from home.
- Created a 5-year infrastructure replacement strategy and budget to continue to maintain existing network standards.
- Upgraded all City desktops to the

latest operating system.

- Migrated current civil service records to a centralized digital platform for City of Albany employees and the agencies we support (School District, Public Library, Housing Authority, and Parking Authority).

### WORKFORCE DEVELOPMENT, DIVERSITY, EQUITY & INCLUSION

- Led comprehensive recruitment campaigns for the Firefighter, Police Officer, and Telecommunications Dispatcher civil service exams with over 1,400 total applicants. Partnered with Albany City School District to hold these critical public safety exams despite COVID-19 restrictions and trained 70 proctors to facilitate exams.
- Initiated a citywide pay study and equity analysis.
- Onboarded 955 new hires including seasonal employees and Summer Youth participants.
- Updated the City's EEO investigation process.
- Partnered with the Capital District Transportation Committee to

move forward with the City's ADA Transition Plan Pedestrian Infrastructure Inventory.

- Provided support to the Police Reform & Reinvention Collaborative's Working Group on Recruitment, Retention, Promotion, and Training.
- Updated Civil Service job descriptions to allow more people to qualify for entry-level jobs in the City.

### SUSTAINABILITY

- Managed the ongoing conversion of the City's 10,900 streetlights to LEDs.
- Installed 8 electric vehicle charging stations at 6 locations across the City. Worked with City departments on fleet electrification plans.
- Assisted with drafting of the Climate Emergency Resolution which

was adopted unanimously by the Common Council.

- Contracted with the New York Power Authority to match the City with a private community solar development. Once operational, the City of Albany will be eligible to reserve enough of the solar energy harvested to provide up to 100% clean energy for all City operations.
- Partnered with the New York Power Authority to begin a "Clean Energy Master Plan" process.

### CULTURAL AFFAIRS

- Produced virtual events, videos, and digital content for the Mayor's Office including Martin Luther King Celebration, Black History Month, Tulip Festival, 518 Tulip Tracker, and Tulip Tours, highlighting the City of Albany's local musicians, businesses,

organizations, community leaders, and partners.

- Hosted in person and virtual Alive at 5 celebrations.
- Produced the award-winning Palace Sessions virtual concert series.
- Hosted pop-up Albany Markets twice monthly in June-August, partnering with local craft, art, and farmer's market vendors, with a focus on closing the gap on food inequity.
- Expanded the Henry Johnson initiative, incorporating plans into Jazz Festival.
- Collected a record \$30,000 in the annual Cash for Coats drive.
- Launched an in-house marketing and logistics program to support Citywide departments with communications and AV support.

### 2022 GOALS

- Continue deploying resources and technology to support the changing needs of our employees and departments during the COVID-19 pandemic.
- Launch the "Join Albany" campaign to facilitate diversity in recruitment, retention, and promotional opportunities.
- Provide budget and administrative support on the rollout of American Rescue Plan Act Stimulus funds.
- Begin implementing recommended changes to employee compensation based on the citywide pay study; complete the public safety compensation study and pay equity analysis.
- Continue to implement policies, programs, and education regarding diversity, equity, and inclusion in the workplace and in City services.
- Lead innovative projects to improve workflows, streamline processes, and improve customer service.
- Continue cyber security investment to protect the City's information and assets and conduct an IT security risk assessment.
- Create new citywide GIS (Geographic Information System) function to manage citywide mapping and data needs.
- Continue to re-imagine Cultural Affairs events and programming.
- Develop citywide vehicle/fleet management strategy, with a focus on sustainability.
- Continue installment of electric vehicle charging stations across the City.
- Improve Albany's ranking in New York State Climate Smart Communities Program – going from Bronze to Silver and unlocking more grant funding opportunities for climate-related programs.
- Continue working with stakeholders to implement a Community Choice Aggregation program.

# ALBANY POLICE DEPARTMENT

The Albany Police Department (APD) strives to preserve public safety and reduce crime by empowering the community to work together to improve the quality of life and make Albany the safest community in America.

## 2021 ACCOMPLISHMENTS

---

- Initiated Session #6 of the Albany Police Academy and graduated 15 Police Officers.
- Successfully canvassed, processed, and hired a large group of Telecommunication Specialists within the Communications Division.
- Implemented the use of Contact Surveys to allow callers to provide feedback following interactions with APD personnel.
- Increased APD's number of fully trained Crash Reconstructionist Investigators specifically in the area of motorcycle crashes.
- Increased special instruction to APD's Police Academy regarding vehicle and traffic law, defensive tactics, and emergency vehicle operation.
- Started rebuilding the Motorcycle Unit by adding four fully trained members who successfully passed the rigorous and difficult Police Motorcycle School. This has increased APD's ability to participate in parades and festivals, special events, and traffic safety details and operations.
- Acquired drone capabilities for traffic safety and special operations. The drone has increased APD's ability to scan and investigate the scenes of serious and fatal crashes in the City. A Traffic Safety Investigator within the Department acquired their Federal Aviation Administration License to fly unmanned aircraft vehicles and was sent to specialized drone training.
- Partnered with and assisted the Federal Emergency Management Agency and New York State Department of Health in planning, implementing, and conducting a mass vaccination site at the Albany Armory to combat the local effects of COVID-19.
- Installed new security fencing around 170 Henry Johnson Boulevard to help improve the safety and well-being of APD's communications workforce.
- Increased the Department's operational effectiveness in continued dealings with mass protests, riots, and civil unrest. This has aided in ensuring that peaceful protestors rights and safety are protected, and that riotous and violent activity is mitigated and responded to appropriately.
- Continued a partnership with the College of Saint Rose and their Cold Case Analysis Center. APD collaborated with students, faculty, and external partners to explore and implement today's modern technologies and procedures to reexamine decades-old cold case homicides.
- Designed a pedestrian safety action plan in multiple locations around the City and completed pedestrian safety improvements in Washington Park.
- Initiated a new program developed by a community leader. Time to Talk Community and Cops Collaborating (T3 C3) pairs community members with officers in an effort to address current issues and concerns with a unified approach.

## 2022 GOALS

---

- Reduce crime and improve the quality of life for all residents and visitors through various methods and strategies, including utilizing problem-solving techniques and crime prevention strategies.
- Process, hire, train, and graduate more than 80 sworn police officers to address staffing shortages and improve police services to the City of Albany community.
- Enhance the working relationship with outside agencies at local, state, and federal levels to forge a unified approach to combat the increase in gun violence.
- Continue our readiness and ability to respond and assist local, state, and federal authorities with public health emergencies such as COVID-19.
- Work with Mayor Sheehan and various City Departments to implement, modify, and modernize policing strategies, policies, procedures, and practices as laid out by the City of Albany Policing Reform and Reinvention Collaborative, (cont'd on page 36)

# ALBANY POLICE DEPARTMENT

## 2022 GOALS (continued)

- including the implementation of a Public Safety Commissioner, victim's advocates, data analyst, AXON priority video services which code for the use of racial slurs and other key words, and the drafting and rewriting of the Albany Police Department's General Orders.
- Continue the Department's decrease in personal injury, property damage, auto, and other serious and/or fatal accidents. This will ultimately result in safer streets for all motorists, bicyclists, and pedestrians.
- Implement the Pedestrian Safety Action Plan for the Henry Johnson Boulevard and Clinton Avenue corridors.
- Complete intersection improvements at locations in the vicinity of Lincoln Park.
- Complete upgrades to the traffic signal network interconnection via wireless radio connection upgrades and through a partnership with CDTA along their three bus rapid transit lines.
- Initiate a new vehicle purchasing program to reduce costs and improve the condition of APD's fleet.
- Complete and implement an IT strategic plan.

# ALBANY FIRE DEPARTMENT

The Albany Fire Department (AFD) provides protection from the effects of fire, medical emergencies, and hazards to life, property, and the environment in the most safe and efficient manner possible. The AFD is considered an “all hazards department.” In addition to providing fire protection and emergency medical services, the Department is trained to respond to maritime emergencies, technical rescue incidents, natural disasters, and hazardous materials incidents.

## 2021 ACCOMPLISHMENTS

---

- Conducted COVID-19 response with an all-out effort to keep residents, first-responders, and City employees safe.
- Continued implementing AFD's apparatus replacement schedule for Engine 1 and Engine 4.
- Graduated a class of 12 new Firefighters and promoted 4 Captains and 8 Lieutenants.
- Graduated 4 paramedics from Hudson Valley Community College.
- Conducted an extensive recruitment campaign and civil service examination for Firefighters.
- Awarded two federal grants: The Assistance to Firefighters Grant in the amount of \$515,200 which was used for self-contained breathing apparatus and the FEMA Port Security Grant in the amount of \$256,990 which was used to refurbish and upgrade Marine 1.

## 2022 GOALS

---

- Continue implementing the AFD Apparatus Replacement Schedule.
- Expand training for uniformed members in Fire, EMS, and Rescue operations.
- Add 5 additional Paramedics through Hudson Valley Community College's training program.
- Replace and upgrade cardiac life support capabilities.

---

- Ensured the continued delivery of essential City services, including solid waste and recycling collection.
- Conducted a city-wide cleanup of City parks and green spaces.
- Conducted a city-wide tree inventory of all street and park trees.
- Instituted a new Pavement Preservation Program.
- Implemented a new Food Waste Reduction and Composting Program.
- Increased the number of in-house sidewalk infrastructure improvement projects.

## 2022 GOALS

---

- Designate a crew for the Urban Blight Program to conduct sweeps and special projects to combat urban blight.
- Prepare a 10-year Master Tree Plan for tree pruning, removal, and planting as part of the City's 2,025 Trees by 2025 program.
- Upgrade all dog parks in the City of Albany.
- Continue with the Food Waste and Solid Waste Reduction campaigns to divert waste from the landfill.

# DEPARTMENT OF PLANNING & DEVELOPMENT

The Department of Planning & Development is a dynamic and interdisciplinary office of professionals who apply progressive urban planning practices to preserve and protect neighborhoods, manage and promote adaptive land use, and guide sustainable growth in the City. The Department's mission is to ensure that development and redevelopment within the City is consistent with and furthers the goals of the City's Comprehensive Plan – Albany 2030. The Department seeks to create a streamlined, fair, and predictable land development process that helps protect, improve, and equitably build quality neighborhoods that are safe, walkable, interesting, and economically vibrant.

## ■ DIVISION OF PLANNING

The Division of Planning is responsible for the administration and procedural requirements of the development approval process. The Division oversees and implements long-range neighborhood and land use planning objectives for the City. Division staff are responsible for design and site review of development projects, in conjunction with the Planning Board, Board of Zoning Appeals, and Historic Resources Commission.

## ■ DEPARTMENT OF HOUSING & COMMUNITY DEVELOPMENT

The Albany Community Development Agency (ACDA) is a public benefit corporation established by the City of Albany and governed by a board of directors appointed by the Mayor. As a component unit of the City, ACDA employees are City of Albany employees and abide by City of Albany personnel policies and procedures. ACDA's goal is to provide suitable living environments and economic opportunities for persons of low and moderate income.

ACDA's budget is based on federal allocations through May 31, 2022. From June 1, 2022, until December 31, 2022, revenue is estimated based on funding projections for the upcoming federal budget. The projected revenue covers the Department's portion of City personnel costs including expenses related to the Planning and Building and Regulatory Compliance staff that provide support to ACDA's goals.

As is the case each year, ACDA's full 2022 budget directly relies on the federal budget and will not be known until sometime in 2022. At this point, the Agency can only be definite with their budget through May 31, 2022. The Agency anticipates level funding for 2022 which will allow them to continue the programs and staffing proposed in this budget. It is also anticipated that the City will receive additional HOME and CDBG funds related to the COVID-19 pandemic that will allow us to provide additional services to those residents that have been disproportionately impacted by the pandemic.

### 2021 ACCOMPLISHMENTS

- Provided approximately \$1.5 million in CDBG, HOME, ESG, and HOPWA funds to not-for-profit organizations in the City that provide vital public service activities, homeless prevention, emergency rent payments, homeless shelters, and affordable housing opportunities.
- Provided an additional \$1.3 million in CARES Act funding to not-for-profit organizations in the City that provide essential food supply programs, PPE supply programs, remote learning opportunities, violence prevention, eviction prevention programs, foreclosure prevention programs, shelter programs and small business support to those most severely impacted by the COVID-19 pandemic.
- Provided funding to support the rehabilitation of 30 homes in the City of Albany, including making emergency repairs and providing lead abatement.
- Received a \$3.5 million grant to address lead paint hazards in homes occupied by families at or below 80% of the AMI. This program will run for 3 ½ years and will provide 160 units of lead safe housing throughout the City of Albany.

### 2022 GOALS

- Streamline the HUD application process to improve accessibility to Albany residents and make it more user friendly.
- Continue to address the needs of Albany residents who have been impacted by the COVID-19 pandemic through additional public service and affordable housing programs.
- Continue to apply for additional grant funds aimed at addressing the needs of Albany's low to moderate income residents.

# DEPARTMENT OF BUILDINGS & REGULATORY COMPLIANCE

The Department of Buildings & Regulatory Compliance (BRC) protects and improves the health, safety, and welfare of City residents, visitors, and investors by enforcing the City Code and the New York State Uniform Building Code effectively, efficiently, and transparently.

BRC administers and enforces the Buildings Code, Fire Code, Property Maintenance Code, Multiple Residence Code, Existing Buildings Code, Plumbing Code, Electrical Code, and Mechanical Code within the City of Albany. Additionally, the Department is charged with administering and enforcing the provisions of the Albany City Code which includes receiving, reviewing, and issuing all building applications and permits, and permits for electrical, plumbing, sidewalk barricade, sign, and change of use requests. The Department is also responsible for maintaining the Rental Dwelling Registry and Vacant Building Registry and implementing the Residential Occupancy Permit Program.

## 2021 ACCOMPLISHMENTS

- Implemented the Zombie Property Grant which assisted the City in funding projects to address vacant properties.
- Improved the living environment of City residents through comprehensive housing legislation.
- Implemented drone inspections.

## 2022 GOALS

- Complete the roll out of the Citizens Access Portal which will allow residents and customers to conduct more services online. Services will include a guided, user-friendly process for filing rental registries and permit applications.
- Increase communication by conducting a drive and collecting the email address of as many contacts as possible.
- Conduct more efficient and proactive inspections to increase the quality of life for City residents.
- Address vacant structures to help mitigate issues before they become a public hazard.
- Conduct neighborhood engagement inspections with other City departments and community representatives.
- Extend the use of drone inspections of roof tops.
- Complete the roll out of the expanded Customer Access Portal.
- Assign one inspector to concentrate solely on proactive inspections.
- Enact the ability to revoke rental occupancy permits from properties that are consistently problematic.
- Enact Airbnb regulations.

# CORPORATION COUNSEL

The Corporation Counsel is the chief legal advisor for the City, its departments, and officers. In addition to rendering legal advice, the Department represents the City in all civil actions and proceedings brought by or against the City, its officers, and employees. The Department also prepares contracts, licenses, leases, permits, deeds, easements, and prosecutes violators of traffic, parking, and other quality of life issues.

## 2021 ACCOMPLISHMENTS

---

- Continued to reduce outside counsel costs with greater reliance on in-house attorneys.
- Responded to more than 140 Notice of Claims, 9 of which resulted in dismissal or withdraw of the claim with no payment.
- Assisted in bringing non-reachable property owners into court and prosecuted hundreds of vacant buildings and codes violation cases and general city ordinance offenders.
- Led the charge on the Tri-City Takedown which brought together multiple municipalities to file suit against the common owner of several zombie properties.
- Drafted hundreds of contracts and agreements for City departments with an average turn-around time of less than four days.
- Continued to make traffic and parking enforcement more equitable by providing each ticket holder an opportunity to plea down their ticket by mail automatically.
- Conducted several mandatory arbitration disciplinary proceedings completely in-house.
- Worked with the community and the Law School to develop a Conviction Sealing Clinic during which members of the public could attend in order to complete the process for clearing their criminal record.
- Created an online public-facing portal for individuals to apply to purchase City-owned property in order to streamline the process.
- Conducted an in-person training on FOIL law for the various City employees who are tasked with responding to FOIL requests.
- Drafted dozens of pieces of Common Council legislation.

## 2022 GOALS

---

- Continue to provide legal services to all branches of City government in an efficient and effective manner.
- Continue the proactive strategy of educating and training departments on various legal issues.
- Continue reducing reliance on outside counsel through staff retention.
- Increase code enforcement functions by working more closely with violators to remediate violations.
- Increase the use of strategic collections litigation to target repeat codes offenders.

# ASSESSMENT & TAXATION

The Department of Assessment & Taxation is responsible for valuing all real property within the City of Albany in compliance with New York State Real Property Tax Laws. Following the last City-wide reassessment in 2016, the Department strives to keep an updated and accurate Assessment Roll which results in equitable School and Property Tax Rolls.

The Department updates the Assessment Roll on an annual basis by updating property records, reviewing new construction projects, and inspecting any additions or demolitions to existing properties to ensure that any modifications to real property within the City of Albany are accurately reflected on the Roll.

The Department is also responsible for administering various exemption programs that property owners may qualify for, as well as providing customer service to the public regarding inquiries relating to real property within the City. Members of the Department represent the City in Small Claims hearings where residential property owners may dispute the assessed value of their property. The Department also assists the Corporation Counsel's office in handling commercial property disputes in New York State Supreme Court.

## 2021 ACCOMPLISHMENTS

- Worked with property owners and other City departments to ensure an accurate Assessment Roll is maintained.
- Continued reviewing various exemptions to identify properties which may be improperly receiving exemptions as well as reclassifying property which previously resulted in improperly low assessments. To date, such review has resulted in several million dollars of taxable value properly added back on the City's Assessment Roll.

## 2022 GOALS

- Continue ongoing exemption review and ensure that only those properties entitled to such exemptions receive them.
- Conduct an inventory review of certain parts of the City in order to ensure that the information on record matches what is actually on the premises.
- Update procedures and relationships with other City departments in order to modernize the way relevant building information is received by Assessment staff.

# CITY CLERK

The City Clerk's Office serves the Mayor, Common Council, and the public. The Office is the home of the Board of Contract and Supply and their records. The City Clerk's Office also issues many municipal licenses and permits including marriage, dog, bingo, games of chance, special events, vendors, etc. The Office also accepts FOIL requests on behalf of the public and works closely with City departments to ensure information is released in a timely manner and according to the Freedom of Information Legislation.

## 2021 ACCOMPLISHMENTS

- Created a more inviting and customer-centered atmosphere for the public.
- Launched the digital dog license application which improved efficiency, allowed for ease of document upload, and streamlined payment processing.
- Migrated marriage records from 2000-2021 into the Laserfiche system.
- Enhanced passport application processing services.
- Increased the number of services that residents can pay for with credit cards.
- Continued to provide digital and in-person constituent services during the pandemic.
- Created a mechanism to help log and track residential parking system complaints.

## 2022 GOALS

- Increase dog license compliance by 10% by identifying creative ways to inform residents.
- Reduce residential parking permit theft and fraud.
- Increase the number of notaries or add a Commissioner of Deeds to the staff.
- Increase professional development offerings for staff.
- Review policies and procedures to make sure they are equitable and consistent.

### ■ BOARD OF CONTRACT & SUPPLY

The Board of Contract and Supply administers the formal bidding and processing of contracts for all purchases in excess of \$20,000 and all public works in excess of \$35,000. It meets twice monthly to approve advertising, bid specifications and notifications, and to open and award bids. In addition, the Board has the responsibility for holding public auctions for all City-owned real property.

The Office of Vital Statistics registers, issues, and preserves all birth and death records occurring within City of Albany's boundaries. Vital Statistics is also responsible for filing acknowledgements of paternity and correcting birth and death records issued in the City of Albany. Birth and death records are stored and made available to state, federal, and local government agencies, hospitals, and licensed funeral directors. Additionally, the Office of Vital Statistics works closely with Albany Medical College's cadaver program.

### 2021 ACCOMPLISHMENTS

- Continued to increase revenues during the pandemic.
- Rolled out online ordering by expanding our relationship with VitalChek which allowed us to continue processing requests when City Hall was closed to the general public.
- Continued to build relationships with New York State Archives, Funeral Directors, and local registrars.

### 2022 GOALS

- Introduce municipal identification cards as a new revenue stream.
- Reduce processing times for online and mail requests.

## POLICE REVIEW BOARD

### ■ COMMUNITY POLICE REVIEW BOARD

The Board is an independent body established by the City of Albany in 2000 to improve communication between the Police Department and the community, to increase police accountability and credibility with the public, and to create a complaint review process that is free from bias and informed of actual police practice. The Board may also make recommendations to the Common Council and the Mayor regarding police policies and practices relevant to the goals of community policing and the exercise of discretionary authority by police officers. The nine board members are appointed by the Mayor and the Common Council.

## ■ SPECIAL ITEMS

These funds provide for special expenses that the City may incur throughout the year, including contingency and unallocated insurance accounts. The contingency account is used for unexpected and unplanned expenditures while the unallocated insurance account is a centralized fund to pay for insurance on City equipment and property. This category also provides funds for legal claims against the City.

# YOUTH & WORKFORCE SERVICES

The Department of Youth & Workforce Services connects job seekers to employment today and prepares them for a wealthier tomorrow. Also known as the “One Stop” or “Career Central”, the Department connect eligible adults, dislocated workers, and youth to support systems and services for workforce mobility. Job seekers can research, access, and meet with employment training specialists and case managers to create an employment plan, obtain educational credentials, and attend job interviews on-site. Current services are funded through county, state, federal, and private donor grants.

**Street Reconstruction:** The amount of \$4 million is being requested for 2022 street reconstruction projects. Candidates will be evaluated to prioritize and select 30-35 locations for 2022 construction. The locations and scope of work for all streets selected will adhere to the City's Equity Agenda and Complete Streets Policies.

**Sidewalk Reconstruction:** The amount of \$600,000 is being requested for 2022 sidewalk reconstruction projects. The locations and scope of work for all sidewalks selected will coincide with street selections and adhere to the City's Equity Agenda and Complete Streets Policies.

**ADA Compliance:** The amount of \$300,000 is being requested for work associated with the Street and Sidewalk Reconstruction Projects. These funds will be used to ensure all existing curb ramps within the project limits are retrofitted, as required, to be ADA compliant and will also ensure new ADA compliant curb ramps are constructed in areas where they currently do not exist.

**Renovations to City Buildings:** The amount of \$1.5 million is being requested for 2022 building related projects. The scope of the projects will focus primarily on the rehabilitation of the City Hall roof, including all skylights and the bell tower.

**Lincoln Park Master Plan:** Work on the implementation of the Lincoln Park Master Plan will continue in 2022. In response to what was learned during the construction of the new Lincoln Park basketball courts and the accelerated construction schedule of new fields inside the Lincoln Park Bowl, the City will undertake community engagement sessions to solicit additional community input regarding the design and construction of a Community Theatre as well as the design and construction of a North Gateway entrance at Museum Road and restoration of the North Woods Forest.

**FIRE DEPARTMENT (CONTINUED)**

**FEMA Assistance to Firefighters Grant (AFG):** The Albany Fire Department was recently awarded a \$515,000 FEMA Assistance to Firefighters Grant for the purchase of a new self-contained breathing apparatus (SCBA). One of the most significant benefits to obtaining the SCBA through the grant is the immediate improvement to firefighter safety due to industry standard improvements. The face piece integrity improvements and the 33% low air warning became a NFPA standard with the 2013 revision of NFPA 1981, and the universal PASS alarm activations became the standard in 2018. The Department's current SCBAs do not meet these standards. Replacement of this equipment allows us to benefit from the federal regulations regarding firefighter safety including outfitting members in modern, top-of-the-line breathing apparatus. The federal grant share is \$468,363.64 and the City's share is \$46,836.36.

**FEMA Port Security Grant Program (PSGP):** The Albany Fire Department applied for and received a FEMA Port Security Grant Program award in the amount of \$256,900 to refurbish and upgrade the Marine 1 vessel. In 2013, the AFD was awarded a PSGP grant to purchase Marine 1. This vessel's purpose is in fire suppression, water rescue, and supports law enforcement dive activities at the Port of Albany and surrounding areas on the Hudson River. Marine 1 has a life expectancy of 25-30 years, if properly maintained. Receipt of this grant will enable maintenance to be completed in a timely and high level manner. Additionally, in the eight years that the AFD has been operating Marine 1, fire suppression tools, thermal imaging and camera systems, generators, AC units, and framing designs have evolved to be more efficient and capable in addressing maritime emergencies. The current AFD Marine 1 FLIR system is outdated and no longer meets NDAA requirements. Given increased cyber security threats and the importance of protecting soft targets - especially the wind tower manufacturing expansion at the Port - an NDAA compliant camera system that can securely interface with the Port of NY/NJ is essential. These critical enhancements and improvements are all now possible with the receipt of these monies. The federal grant share is \$192,742 and the City's share is \$64,248.

**Cardiac Monitors:** \$850,000 is being requested to replace cardiac monitors for the Albany Fire Department. The monies requested will enable the Albany Fire Department to purchase these new, more technologically advanced, cardiac monitors. Obtaining these new units will allow for the replacement of our current monitors which are nearing the end of their recommended service life. These monitors are an integral component in the ability of our firefighters to continue to provide the highest level of care to those in need of medical assistance.

**Command Staff/Support Vehicles Plan:** The Albany Fire Department continues to implement an optimal fleet rotation strategy that allows the Department to take advantage of new technologies, utilize more predictable budgeting techniques, and increase personnel productivity while reducing the average age of fleet vehicles. Research tells us that purchasing a new vehicle is often times more cost effective than constantly maintaining an aging, existing unit. Along with that, we know that effective fleet management is key to controlling costs. To those points, the addition of these new support vehicles allow AFD to continuously utilize low mileage vehicles which will perform at a high level without accruing repeated maintenance costs. This strategy will be spread across the various units (Fire Investigation, Training, etc.) of the Albany Fire Department, ensuring reliable operational vehicles throughout.

**Vehicles due for replacement:**

- 2007 Dodge Charger (former APD vehicle) - 139,106 miles
- 2009 Dodge Durango (former Albany County District Attorney/AFD Deputy Chief vehicle) - 169,459 miles
- 2006 Ford Explorer (purchased from Elsmere Fire Department) - 55,600 miles
- 2001 Ford F150 Pick Up (purchased from Clinton Heights Fire Department) - 81,595 miles
- 2006 Ford Van (former Albany Water Department service vehicle) - 107,570 miles
- 2003 Chevy 3500 Utility Vehicle (AFD fleet services) - 173,710 miles

**Police Vehicle & Equipment Replacement:** APD is requesting \$504,600 for the purchase of police vehicles and related equipment. APD's replacement schedule that has been established allows the Department to purchase 8 vehicles annually (5 marked, 3 unmarked) in order to rotate frontline vehicles into reserve roles.

**Vehicles:**

APD intends to purchase 5 marked vehicles (\$40,000 per vehicle) and 3 unmarked police vehicles (\$40,000 per vehicle) which totals \$320,000 in projected expenses with an additional \$184,600 in equipment and installation costs.

**Equipment and Installation:**

Emergency equipment (\$14,000 per marked vehicle, \$5,000 per unmarked vehicle) - \$85,000 total.

Computers (four needed at \$4,000 per marked vehicle) - \$16,000 total.

Radios (eight needed at \$3,500 per vehicle) - \$28,000 projected expenses.

Vehicle upfitting (eight needed at \$2,200 per vehicle) - \$17,600 projected expenses.

The lead time is 6-8 months.

**APD Intervid Surveillance System:** APD is requesting \$570,000 for the 2022 Capital Improvement Program to finish work on Phase 3 of this project. The table below lists the camera locations and respective costs of Phase 3.

**Radio Communications Upgrades:** The funds will be used to upgrade the radio system in 77 signalized intersections using a new frequency. This upgrade was an unforeseen and unplanned expense, as the FCC has reassigned the frequency that the Department is currently using; the license will expire in April 2022. This is a priority that will allow the Department to continue communicating with intersections and providing a safe and efficient transportation system.

The Department is also working with CDTA on their River and Washington/Western BRT lines. The radio equipment transmits data from the Department's central control system to the intersections. Additionally, the Department can remotely review the operation of the equipment, make adjustments to the timing, and maintain electronic equipment remotely. This reduces the need to send a crew to the intersection to perform those functions. As part of the River and Washington/Western BRT Project, CDTA has committed to assist with the upgrades by allocating funds that will reduce the amount of money the City will need to spend on the upgrades.

**Building/Facility Acquisition:** The amount of \$1.5m is being requested for the purchase of a multi-use building in 2022. Additional storage space as well as office space is necessary to accommodate City operational needs.

The building would be utilized by several departments including: The Albany Police Department Traffic Engineering Division, Traffic Safety Division, Administrative Services Unit, the Albany Fire Department, and the Department of General Services. The building would provide additional office space and also house special use vehicles, heavy use equipment and apparatuses, as well as equipment and fixtures for streetlight maintenance.

<b>Information Technology Total</b>	-	<b>171,880</b>	-	<b>171,880</b>

**Capital Project: IT Core Data Center Infrastructure**

Over the past several years, technology has played a large role in the City's day to day operations. Departments have embraced the use of technology from mobile devices to dashboards, and is doing more with less. This is supported by our Core IT Data Center Infrastructure Network.

Integrating technology into daily operations and funding the rapid transition poses some challenges. The number of users the IT Division supports and the complexity of hardware and software integration has been increasing. Another challenge our City faces is the relatively short lifespan of IT hardware; anywhere from four to six years, depending upon the device and its use.

As the City continues to expand its use of technology, the costs of maintaining our IT investments obligates us into the future. The IT Division and Budget Office have put together a five-year budget projection that maintains the existing technology infrastructure.

For 2022 we are proposing the City continue to fund the most common CAPEX-based IT investments in our core IT data center infrastructure that is used by all departments. It is anticipated that the end of support (EOS) for most of the current core IT data center infrastructure will occur in five-year cycles. This capital investment will fund the replacement of the current infrastructure. The IT Department is anticipating the next infrastructure replacement to occur in 2025 and is planning accordingly.

Future planning indicates that the City should allocate \$171,880 for hardware annually in anticipation for EOS. This funding maintains the existing hardware and software infrastructure that was approved in previous years and paid for out of the operating budget. These investments bring with them greater predictability from a spending standpoint, which is responsible long-term budgeting.

This yearly investment for five years will include data center infrastructure assets such as security appliances, servers, storage, switches, and other hardware critical to operations (listed below).

	One-Time Investment	Capital Yearly Investment (5 Years)

**Street Reconstruction:** The amount of \$3.5 million is being requested for 2023 street reconstruction projects. Candidates will be evaluated to prioritize and select 30-35 locations for 2023 construction. The locations and scope of work for all streets selected will adhere to the City's Equity Agenda and Complete Streets Policies.

**Sidewalk Reconstruction:** The amount of \$600,000 is being requested for 2023 sidewalk reconstruction projects. The locations and scope of work for all sidewalks selected will coincide with street selections and adhere to the City's Equity Agenda and Complete Streets Policies.

**ADA Compliance:** The amount of \$300,000 is being requested for work associated with the Street and Sidewalk Reconstruction Projects. These funds will be used to ensure all existing curb ramps within the project limits are retrofitted, as required, to be ADA compliant and will also ensure new ADA compliant curb ramps are constructed in areas where they currently do not exist.

**Renovations to City Buildings:** The amount of \$7.5 million is being requested for 2023 building related projects. The scope of the projects will focus primarily on finalizing any remaining work for the rehabilitation of the City Hall roof, including all skylights and the bell tower.

**Lincoln Park Pool Playground (2nd Ward):** Estimated cost for equipment and renovations: \$200,000.

**Spray Pads: Upper Lincoln (7th Ward):** \$100,000 estimated cost.

<b>Information Technology Total</b>	-	<b>171,880</b>	-	<b>171,880</b>

**Capital Project: IT Core Data Center Infrastructure**

Over the past several years, technology has played a large role in the City's day to day operations. Departments have embraced the use of technology from mobile devices to dashboards, and is doing more with less. This is supported by our Core IT Data Center Infrastructure Network.

Integrating technology into daily operations and funding the rapid transition poses some challenges. The number of users the IT Division supports and the complexity of hardware and software integration has been increasing. Another challenge our City faces is the relatively short lifespan of IT hardware; anywhere from four to six years, depending upon the device and its use.

As the City continues to expand its use of technology, the costs of maintaining our IT investments obligates us into the future. The IT Division and Budget Office have put together a five-year budget projection that maintains the existing technology infrastructure.

For 2023 we are proposing the City continue to fund the most common CAPEX-based IT investments in our core IT data center infrastructure that is used by all departments. It is anticipated that the end of support (EOS) for most of the current core IT data center infrastructure will occur in five-year cycles. This capital investment will fund the replacement of the current infrastructure. The IT Department is anticipating the next infrastructure replacement to occur in 2025 and is planning accordingly.

Future planning indicates that the City should allocate \$171,880 for hardware annually in anticipation for EOS. This funding maintains the existing hardware and software infrastructure that was approved in previous years and paid for out of the operating budget. These investments bring with them greater predictability from a spending standpoint, which is responsible long-term budgeting.

This yearly investment for five years will include data center infrastructure assets such as security appliances, servers, storage, switches, and other hardware critical to operations (listed below).

	One-Time Investment	Capital Yearly Investment (5 Years)

The location under consideration is Madison Avenue/Western Avenue (from Manning Boulevard East to Lark Street/Delaware Avenue). Cost estimates will be refined as the scope of the project is finalized.

**Traffic Signal Improvements:** The Department of Traffic Engineering is requesting \$925,000 to make improvements to four intersections in the City. The intersections that are under consideration are North Pearl Street and Lawn Avenue, Livingston Avenue and Quail Street, Clinton Avenue and Quail Street, and Lark Street and Manning Boulevard. Funding includes engineering services for design, construction of the signal systems, and construction inspection. Equipment prices have increased more than 25% due to COVID, and increased project expenses and equipment delays continue to be a factor.

**Vehicles:** Traffic Engineering is requesting \$200,000 for the replacement of two traffic signs and pavement marking crew trucks. These 4x4 utility body one-ton crew cab vehicles are fully equipped with on-board power inverters to run power tools, an area for storage of tools and materials in the utility body compartments, as well as hydraulic systems for the installation and removal of traffic sign posts. Both trucks will be equipped with snow plows, trailering, and other equipment as needed. The current trucks in service will be approximately 10 years old at the time of replacement. Cost estimates were made through applying the cost of inflation to the 2015 cost of \$88,000 per truck.

**Capital Project: IT Core Data Center Infrastructure**

Over the past several years, technology has played a large role in the City's day to day operations. Departments have embraced the use of technology from mobile devices to dashboards, and is doing more with less. This is supported by our Core IT Data Center Infrastructure Network.

Integrating technology into daily operations and funding the rapid transition poses some challenges. The number of users the IT Division supports and the complexity of hardware and software integration has been increasing. Another challenge our City faces is the relatively short lifespan of IT hardware; anywhere from four to six years, depending upon the device and its use.

As the City continues to expand its use of technology, the costs of maintaining our IT investments obligates us into the future. The IT Division and Budget Office have put together a five-year budget projection that maintains the existing technology infrastructure.

For 2024 we are proposing the City continue to fund the most common CAPEX-based IT investments in our core IT data center infrastructure that is used by all departments. It is anticipated that the end of support (EOS) for most of the current core IT data center infrastructure will occur in five-year cycles. This capital investment will fund the replacement of the current infrastructure. The IT Department is anticipating the next infrastructure replacement to occur in 2025 and is planning accordingly.

Future planning indicates that the City should allocate \$171,880 for hardware annually in anticipation for EOS. This funding maintains the existing hardware and software infrastructure that was approved in previous years and paid for out of the operating budget. These investments bring with them greater predictability from a spending standpoint, which is responsible long-term budgeting.

This yearly investment for five years will include data center infrastructure assets such as security appliances, servers, storage, switches, and other hardware critical to operations (listed below).

**Street Reconstruction:** The amount of \$4 million is being requested for 2025 street reconstruction projects. Candidates will be evaluated to prioritize and select 30-35 locations for 2025 construction. The locations and scope of work for all streets selected will adhere to the City's Equity Agenda and Complete Streets Policies.

**Sidewalk Reconstruction:** The amount of \$700,000 is being requested for 2025 sidewalk reconstruction projects. The locations and scope of work for all sidewalks selected will coincide with street selections and adhere to the City's Equity Agenda and Complete Streets Policies.

**ADA Compliance:** The amount of \$350,000 is being requested for work associated with the Street and Sidewalk Reconstruction projects. These funds will be used to ensure all existing curb ramps within the project limits are retrofitted, as required, to be ADA compliant and will also ensure new ADA compliant curb ramps are constructed in areas where they currently do not exist.

**Renovations to City Buildings:** The amount of \$3 million is being requested for 2025 building related projects. The scope of the projects will focus primarily on continuing to upgrade windows, doors, roofs, mechanical equipment, and restroom facilities throughout City-owned buildings.

**Lincoln Park Court Resurfacing (7th Ward):** \$15,000 estimated cost.

**Police Vehicle & Equipment Replacement:** APD is requesting \$444,900 for the purchase of police vehicles and related equipment. APD's replacement schedule that has been established allows the Department to purchase 7 vehicles annually (4 marked, 3 unmarked) in order to rotate frontline vehicles into reserve roles.

## Vehicles:

- APD intends to purchase 4 marked vehicles (\$40,000 per vehicle) and 3 unmarked police vehicles (\$40,000/vehicle) which totals \$280,000 in projected expenses with an additional \$164,900 in equipment and installation costs.

## Equipment and Installation:

- Emergency equipment (\$14,000 per marked vehicle, \$5,000 per unmarked vehicle) - \$71,000 total.
- Computers (four needed at \$4,000 per marked vehicle) - \$16,000 total.
- License plate reader (two needed at \$19,000 per vehicle) - \$38,000 total.
- Radios (seven needed at \$3,500 per vehicle) - \$24,500 total.
- Vehicle upfitting (seven needed at \$2,200 per vehicle) - \$15,400 total.

**Roadway Striping:** The amount of \$200,000 is being requested to replace roadway striping with liquid pavement markings (epoxy paint stripes). The location under consideration is Western Avenue (from City Line East to Manning Boulevard).

**Traffic Signal Improvements:** The Department of Traffic Engineering will be requesting \$925,000 to make improvements to four intersections in the city. The intersections that are under consideration are Livingston Avenue and Lake Avenue, Livingston Avenue and Thornton Street, Northern Boulevard and Pennsylvania Avenue, and Morton Avenue and Elizabeth Street. Funding includes engineering services for design, construction of the signal systems, and construction inspection. Equipment prices have increased more than 25% due to COVID, and increased project expenses and equipment delays continue to be a factor.

**Vehicles:** Traffic Engineering is requesting \$125,000 for the replacement of a one-ton utility dump body 4x4 extended cab truck capable of hauling materials, salting, and plowing. This vehicle will be used to transport personnel and materials for the Police Department and Traffic Engineering on a daily basis. The current active vehicle will be approximately 10 years old at the time of replacement. Cost estimates were made through applying the cost of inflation to the 2015 cost of \$115,000 per truck.

AFD intends to purchase a heavy rescue vehicle for the Rescue Squad to move the current apparatus into a reserve role. The Department has had to historically rely on a reserve apparatus for its Rescue Squad that was well past its useful life per NFPA recommendations. This has placed a great deal of stress on AFD's maintenance budget, fire operations, and the mechanics of preventative maintenance of the apparatus. In the 15 year replacement schedule, AFD's heavy rescue vehicle will serve a frontline role from years 1-6, and then a reserve role from years 6-15. This follows NFPA recommendations and allows for a better maintenance schedule and safer operation.

The estimated cost is \$800,000 and the lead time is 12-15 months.

**Street Reconstruction:** The amount of \$5 million is being requested for 2026 street reconstruction projects. Candidates will be evaluated to prioritize and select 30-35 locations for 2026 construction. The locations and scope of work for all streets selected will adhere to the City's Equity Agenda and Complete Streets Policies.

**Sidewalk Reconstruction:** The amount of \$800,000 is being requested for 2026 sidewalk reconstruction projects. The locations and scope of work for all sidewalks selected will coincide with street selections and adhere to the City's Equity Agenda and Complete Streets Policies.

**ADA Compliance:** The amount of \$400,000 is being requested for work associated with the Street and Sidewalk Reconstruction Projects. These funds will be used to ensure all existing curb ramps within the project limits are retrofitted, as required, to be ADA compliant and will also ensure new ADA compliant curb ramps are constructed in areas where they currently do not exist.

**Renovations to City Buildings:** The amount of \$5 million is being requested for 2026 building related projects. The scope of the projects will focus primarily on the exterior of City Hall.

**Police Vehicle & Equipment Replacement:** APD is requesting \$444,900 for the purchase of police vehicles and related equipment. APD's replacement schedule that has been established allows the Department to purchase 7 vehicles annually (4 marked, 3 unmarked) in order to rotate frontline vehicles into reserve roles.

**Vehicles:**

- APD intends to purchase 4 marked vehicles (\$40,000 per vehicle) and 3 unmarked police vehicles (\$40,000/vehicle) which totals \$280,000 in projected expenses with an additional \$164,900 in equipment and installation costs.

**Equipment and Installation:**

- Emergency equipment (\$14,000 per marked vehicle, \$5,000 per unmarked vehicle) - \$71,000 total.
- Computers (four needed at \$4,000 per marked vehicle) - \$16,000 total.
- License plate reader (two needed at \$19,000 per vehicle) - \$38,000 total.
- Radios (seven needed at \$3,500 per vehicle) - \$24,500 total.
- Vehicle upfitting (seven needed at \$2,200 per vehicle) - \$15,400 total.

<b>Traffic Engineering Total</b>	<b>1,225,000</b>	<b>260,000</b>	<b>-</b>	<b>1,485,000</b>

**Roadway Striping:** The amount of \$300,000 is being requested to replace roadway striping with liquid pavement markings (epoxy paint stripes). The volume of pavement markings being installed by the Department of General Service's Engineering Division is being reviewed. The pavement markings will need to be refreshed on a yearly basis to keep the lines on the road visible. This work will need to be contracted out, as the equipment and manpower is cost-prohibitive for the City. Cost estimates and locations for consideration will be refined as the scope of the project is finalized.

**Traffic Signal Improvements:** The Department of Traffic Engineering will be requesting \$925,000 to make improvements to three intersections in the City. The intersections that are under consideration are Manning Boulevard and New Scotland Avenue, Holland Avenue and Hackett Boulevard, and control and radio equipment upgrades on Hackett Boulevard from Holland Avenue to Manning Boulevard. Funding includes engineering services for design, construction of the signal systems, and construction inspection. Equipment prices have increased more than 25% due to COVID, and increased project expenses and equipment delays continue to be a factor.

**Vehicles:** Traffic Engineering is requesting \$260,000 for the replacement of one traffic signal maintenance 4x4 extended cab truck capable of handling the equipment necessary for this line of work. This vehicle is used to transport personnel and materials for the Police Department and Traffic Engineering on a daily basis. In addition, we are proposing to replace one SUV currently in the unit.

AFD intends to purchase a pumper with a 50 foot water tower device to replace Engine 11. This pumper will enhance the capabilities of the Department to provide adequate above-level fire suppression. Engine 11 will be 15 years old at the time of replacement. Once replaced, Engine 11 will go into reserve status for five years.

The estimated cost is \$800,000 and the lead time is 12-15 months.

<b>Information Technology Total</b>	-	<b>171,880</b>	-	<b>171,880</b>

**Capital Project: IT Core Data Center Infrastructure**

Over the past several years, technology has played a large role in the City's day to day operations. Departments have embraced the use of technology from mobile devices to dashboards, and is doing more with less. This is supported by our Core IT Data Center Infrastructure Network.

Integrating technology into daily operations and funding the rapid transition poses some challenges. The number of users the IT Division supports and the complexity of hardware and software integration has been increasing. Another challenge our City faces is the relatively short lifespan of IT hardware; anywhere from four to six years, depending upon the device and its use.

As the City continues to expand its use of technology, the costs of maintaining our IT investments obligates us into the future. The IT Division and Budget Office have put together a five-year budget projection that maintains the existing technology infrastructure.

For 2026 we are proposing the City continue to fund the most common CAPEX-based IT investments in our core IT data center infrastructure that is used by all departments. It is anticipated that the end of support (EOS) for most of the current core IT data center infrastructure will occur in five-year cycles. This capital investment will fund the replacement of the current infrastructure. The IT Department is anticipating the next infrastructure replacement to occur in 2025 and is planning accordingly.

Future planning indicates that the City should allocate \$171,880 for hardware annually in anticipation for EOS. This funding maintains the existing hardware and software infrastructure that was approved in previous years and paid for out of the operating budget. These investments bring with them greater predictability from a spending standpoint, which is responsible long-term budgeting.

This yearly investment for five years will include data center infrastructure assets such as security appliances, servers, storage, switches, and other hardware critical to operations (listed below).

	One-Time Investment	Capital Yearly Investment (5 Years)
Network Security Appliance(s)	\$ 69,000.00	\$ 13,800.00
DataCenter Core Switches	\$ 56,200.00	\$ 11,240.00

The fees to be charged by the City of Albany for curbside waste collection for calendar year 2022 shall be in the amount of \$90 per unit per year.

Property Type	Fee
Single Family	\$90
2 Unit	\$180
3 Unit	\$270
4 Unit	\$360

Also, after three months of nonpayment, for a property owner who fails to pay charges that have been established and imposed for the curbside collection program, a penalty of \$50 will be added to the base curbside collection fee.

# AMERICAN RESCUE PLAN (ARP) FUNDING

To help replace lost revenues, cover COVID-related expenses, and reverse the economic impacts of this pandemic, the City of Albany was allocated approximately \$80.7 million as part of President Biden's American Rescue Plan. On March 12, 2021, Mayor Sheehan announced the creation of a COVID Recovery Task Force to ensure the City of Albany equitably and strategically maximizes the resources available to our residents, businesses, and community organizations thanks to the American Rescue Plan to restart Albany and build back better. The Mayor appointed Mike Whalen, Administrative Vice President of M&T Bank, and Jahkeen Hoke, Executive Director of Business For Good Foundation, as Co-Chairs of the City's COVID Recovery Task Force.

<b>Total</b>	<b>\$3,000,000</b>	<b>3.72%</b>
<b>GRAND TOTAL</b>	<b>\$25,000,000</b>	<b>30.97%</b>

The Task Force launched a robust engagement plan that included two public surveys garnering more than 1,000 responses, more than 60 direct meetings with community members and stakeholder groups, and 17 task force and working group meetings. The result is a 76-page report that provides a framework for recovery and strongly recommends funding a limited number of highly impactful programs that can produce profound results.

This budget allocates \$25 million of the City's American Rescue Plan to fund the five priority areas identified by the Task Force. The City of Albany is in the process of retaining an outside firm to assist with compliance and oversight and will be issuing requests for proposals to fund projects within each priority area. The City will require applications from both internal and external stakeholders to ensure it is investing in scalable projects and programs that maximize resources and expenditures—and this will be done through the lens of inclusion and equity and with an eye toward stimulating entrepreneurship and outside investments.

“The Task Force strongly recommends funding a limited number of highly-impactful programs that can produce profound results, rather than thinly spreading resources.”
